## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Darren Gibby on 5/25/2005.

The application has been amended as follows:

#### **IN THE CLAIMS:**

Claim 21, line 5, "apparatus;" has been replaced by --apparatus, while maintaining the sheet like material generally vertically oriented;--

2. The following is an examiner's statement of reasons for allowance: the vertical orientation of the sheet like material in the hoppers and maintenance of the generally vertical orientation while transporting the sheet like material from the hopper to the upper belt is what distinguishes the claimed invention over the prior art of record.

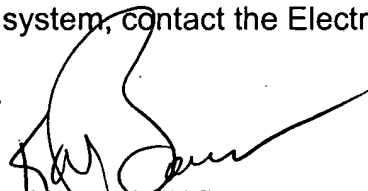

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
